Train the Trainer Fire Engineering Handbook for Firefighter I/II

The Fire Academy Training System will be conducting a series of Train the Trainers for conducting mandatory, Firefighter I/II and the Modular Delivery System. Times, dates and location will be listed below. This will be the final opportunity to attend this valuable training opportunity. Instructors attending this training should come with a laptop and an installed version of the Fire Engineering instructor materials. The focus of the training sessions will be conducting skills training/testing and use of the Learning Management System. We will discuss any course content questions that students have.

Location: Brownsburg Fire Territory Headquarters
470 E Northfield Dr. Brownsburg In

Dates and Times:

Friday Oct. 31st 1300-1700

Saturday Nov. 1st 0800-1200 and 1300-1700

Registration is required to attend. To register go to www.indianafiretraining.com under District 5
